HOW TO INSPECT YOUR MATTRESS FOR DEFECTS

Remove all bedding, mattress protectors, and pillows from the mattress

1. Place a yard stick or broomstick across the location of the body impression.
2. Using a ruler, measure the depth of the impression from the deepest point. Do not apply pressure when measuring. (Take 2-3 photos including a close up picture of the measurement)
3. Take measurements from the top surface of the mattress and not in any tufts
4. Take a general photo of the entire mattress to insure it is free of rips, tears, stains, or burns

Please answer the following questions with a **Y** for Yes and an **N** for No:

- _____ Is your mattress free of rips, tears, stains, and burns? If no, Explain: _____
- _____ Does your mattress have the original law tag? If no, Explain: _____
- _____ Does your mattress have proper support/foundation (including box spring, slats, and center supports)? If No, Explain: _____
- _____ Have you submitted the requested photos of your mattress and potential defect? If No, Explain: _____
