

OWNER'S MANUAL

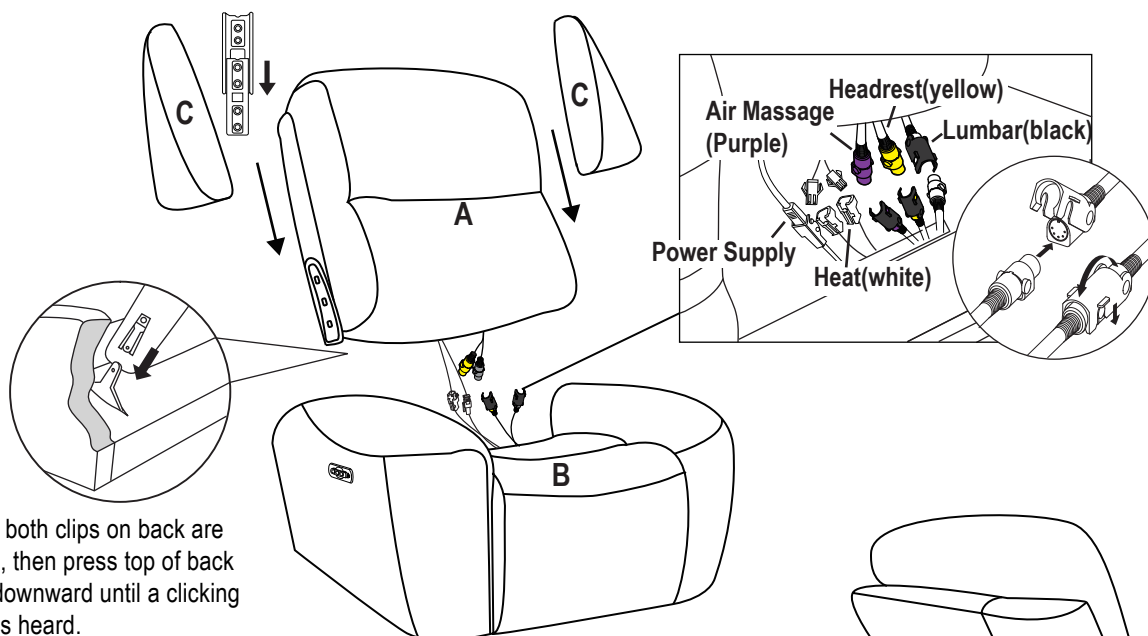

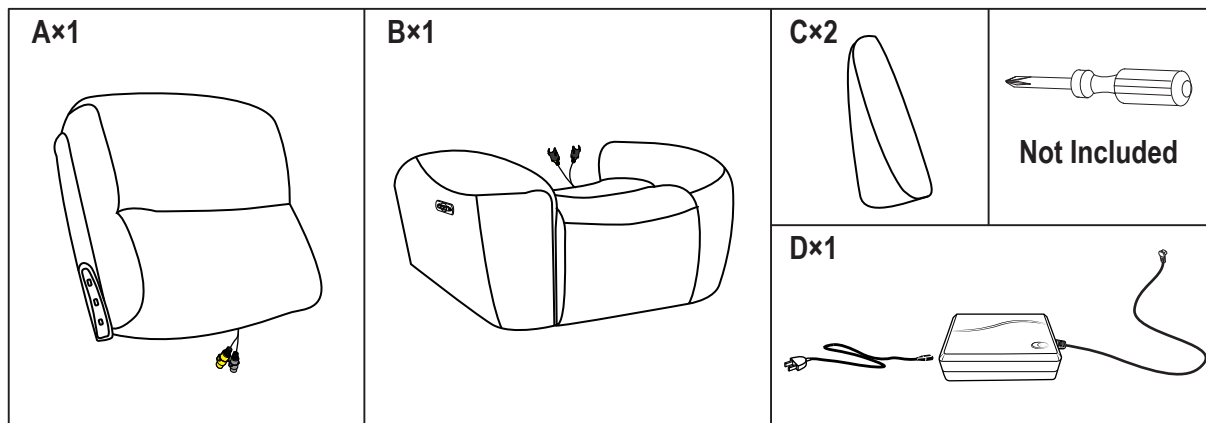

Rocker Recliner with Headrest & Lumbar

Assembly Instructions for Rocker Recliner

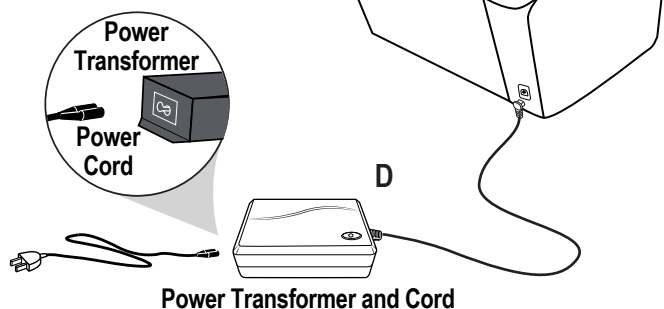

Thank you for purchasing this quality product. Be sure to check all packing material carefully for small parts that may have come lose inside the carton during shipment.

Inside the carton you will find two red plastic bags that have the recliner's wings in them. Remove the wings from the plastic bags and set them aside to be used in assembly and installation.

Make sure to read the instructions below before assembling your rocker recliner.

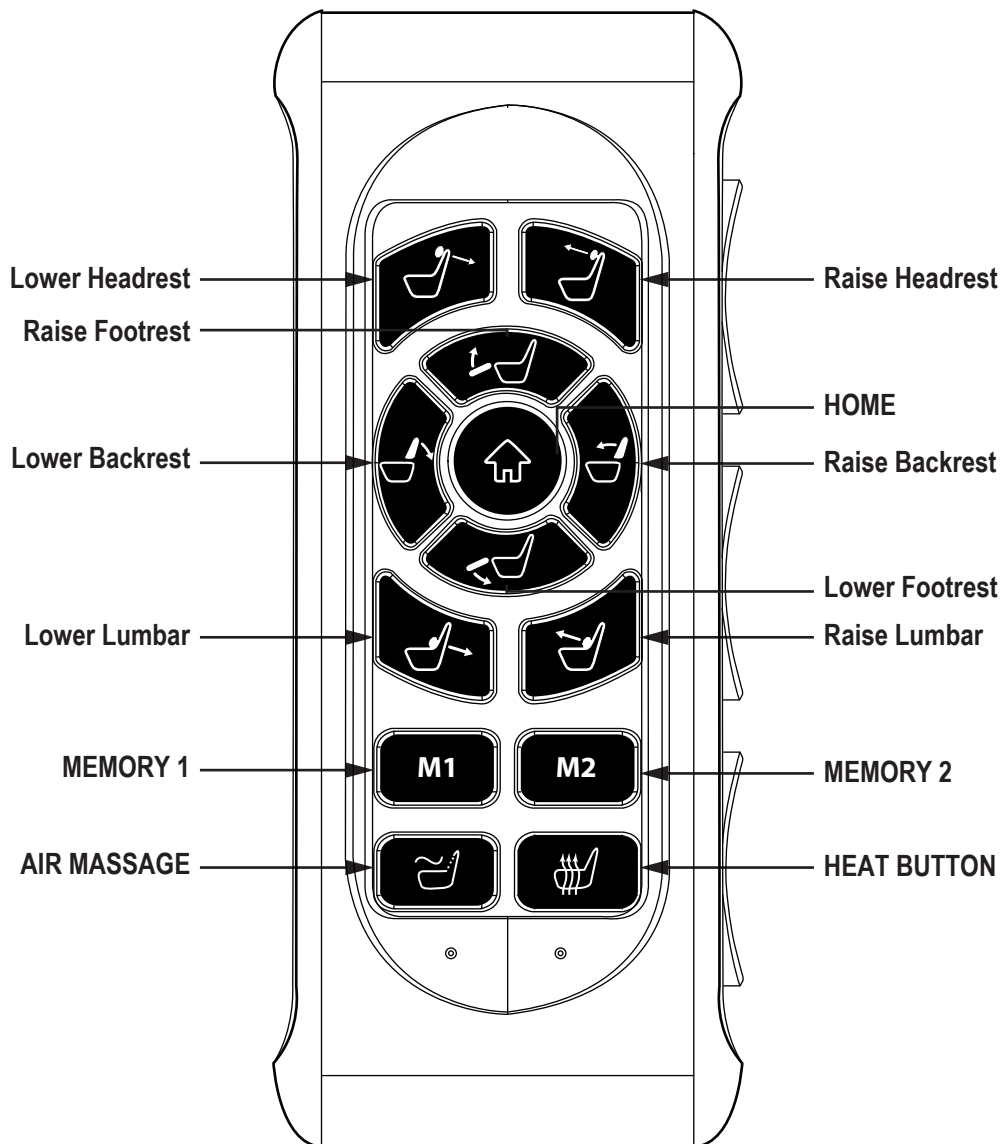

NOTE: This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device. Modifications not approved by the party responsible for compliance could void user's authority to operate the equipment.

Do Not plug the power cord into a power outlet until your recliner is fully assembled and in place.

Notes:

- 1) To help prevent shock and or damage to your product only plug the power cord into a grounded outlet.
- 2) Read the operating instructions carefully before operating your rocker recliner.

AIR MASSAGE: Press the air massage button to activate air massage function. Press again to cycle intensity through low (light is green), high (light is red), and off (light is off).
